SKILLS

CAD & DRAFTING

Pencil & Paper
AutoCAD (Civil 3D)
SolidWorks (CSWA)
SketchUp
Blender 3D Modeling & Animation

PROGRAMMING

Python, AutoLISP, MATLAB
SQL, HTML/KML
Git/GitHub

SOFTWARES

GIS (GlobalMapper, QGIS, ArcGIS)
CFD (ANSYS Fluent/MATLAB)
Atlassian (JIRA, Confluence, Slack)
Microsoft, Google Suites
AWS, Adobe Suites

SHOP SKILLS

Woodworking
Air Tools
Soldering
Basic DFM
Basic MIG Welding

CLIENT/VENDOR RELATIONS

Technical Issue Support
Food Service Experience
Bike Mechanic, Customer Facing
Conference Networking
Field Work
Bid/Notice/Records/O&M Writing

MISC

Learn languages quickly
Animation/Rendering/Graphic Design
Eagle Scout

MANUFACTURING ASSEMBLY TECHNICIAN

formlabs

Sept 2025-Nov 2025

- ❖ Fabricated and assembled prototype 3D printers during New Product Introduction (NPI) stage, focusing on temperature control, electronics, media containment, and actuation
- ❖ Tracked manufactured parts and documenting changes to both design and assembly SOP
- ❖ Developed inventory system, organized lab space and reworked parts that failed quality control or were revised

WATER ENGINEER

WRIGHT-PIERCE
Engineering a Better Environment

Jan 2024-Jun 2024

Wright-Pierce Environmental
Engineering

- ❖ Conceived, designed, coded a portal to access AWS AI for mass data entry
- ❖ Drafted client reports, public records, bid specs, templates, cost estimates
- ❖ Interpreted official records, legal codes, & schematics for system design, clients & public notices
- ❖ Coordinated with clients, vendors, and industry peers at conferences, field work, project meetings, and new technology evaluations
- ❖ Inventoried cities, modeled, estimated costs, planned treatment processes

CAD/GIS/AI ENGINEER

AIRWORKS

Jan 2023-Dec 2023

Airworks Inc

- ❖ Drafted land surveys from aerial imagery & 3D pointclouds for daily client delivery
- ❖ Annotated over a million masks for machine learning datasets
- ❖ Engaged requests from customers, sales and software teams
- ❖ Continuously updated onboarding, knowledgebase, standards, drafting templates
- ❖ Taught myself LISP, Python, Global Mapper Script to automate AutoCAD, GIS

PASSIONS

ENDURANCE RACING

NORDIC SKIING: Founded university team, now race SuperTour and Worldloppet

RUNNING: Collegiate club, World Major Marathons, road/trail races

BICYCLE MECHANIC:

Diagnosed bikes as customer-facing lead for repair work, timeframe, and cost. Repaired, replaced, installed, ordered, and adjusted every system of every kind of bike presented

EDUCATION

BS MECHANICAL ENGINEERING

Northeastern University - Boston
2021 - 2025

3.9 GPA

Study abroad - American College Of Thessaloniki, Greece & Ashburton College, New Zealand
International Affairs Minor
